

BUILDING YOUR DIABETES EDUCATION AND PREVENTION PROGRAM

Everything you need to know and more

Over 1.5 days, learn the essential skills to build a successful diabetes self-management education (DSME) program and explore the emerging realm of the National Diabetes Prevention Program (NDPP). Leave with sample resources to use in your own practice.

WHO SHOULD ATTEND:

Anyone interested in starting or improving a DSME program or a diabetes prevention program (DPP)

Day 1: Building Your DSME Program

- Define a successful diabetes education program
- Cover the National Standards for diabetes self-management education and support
- Reimbursement and documentation strategies for DSME
- Setting SMART goals and developing a CQI process
- Live chart auditing to help you understand what it takes to pass a Medicare audit
- Marketing, recruitment and sustainability tools

Day 2: Building a Business Case for Implementing a Diabetes Prevention Program (DPP)

- Explore the National Diabetes Prevention Program (NDPP)
- Arm yourself with the data and statistics you need to justify a DPP
- Learn how to successfully apply for the Diabetes Prevention Recognition Program (DPRP)
- Cover the steps to achieve reimbursement for DPP
