

# **FUTURE OF NURSING™**

## Campaign for Action

AT THE CENTER TO CHAMPION NURSING IN AMERICA

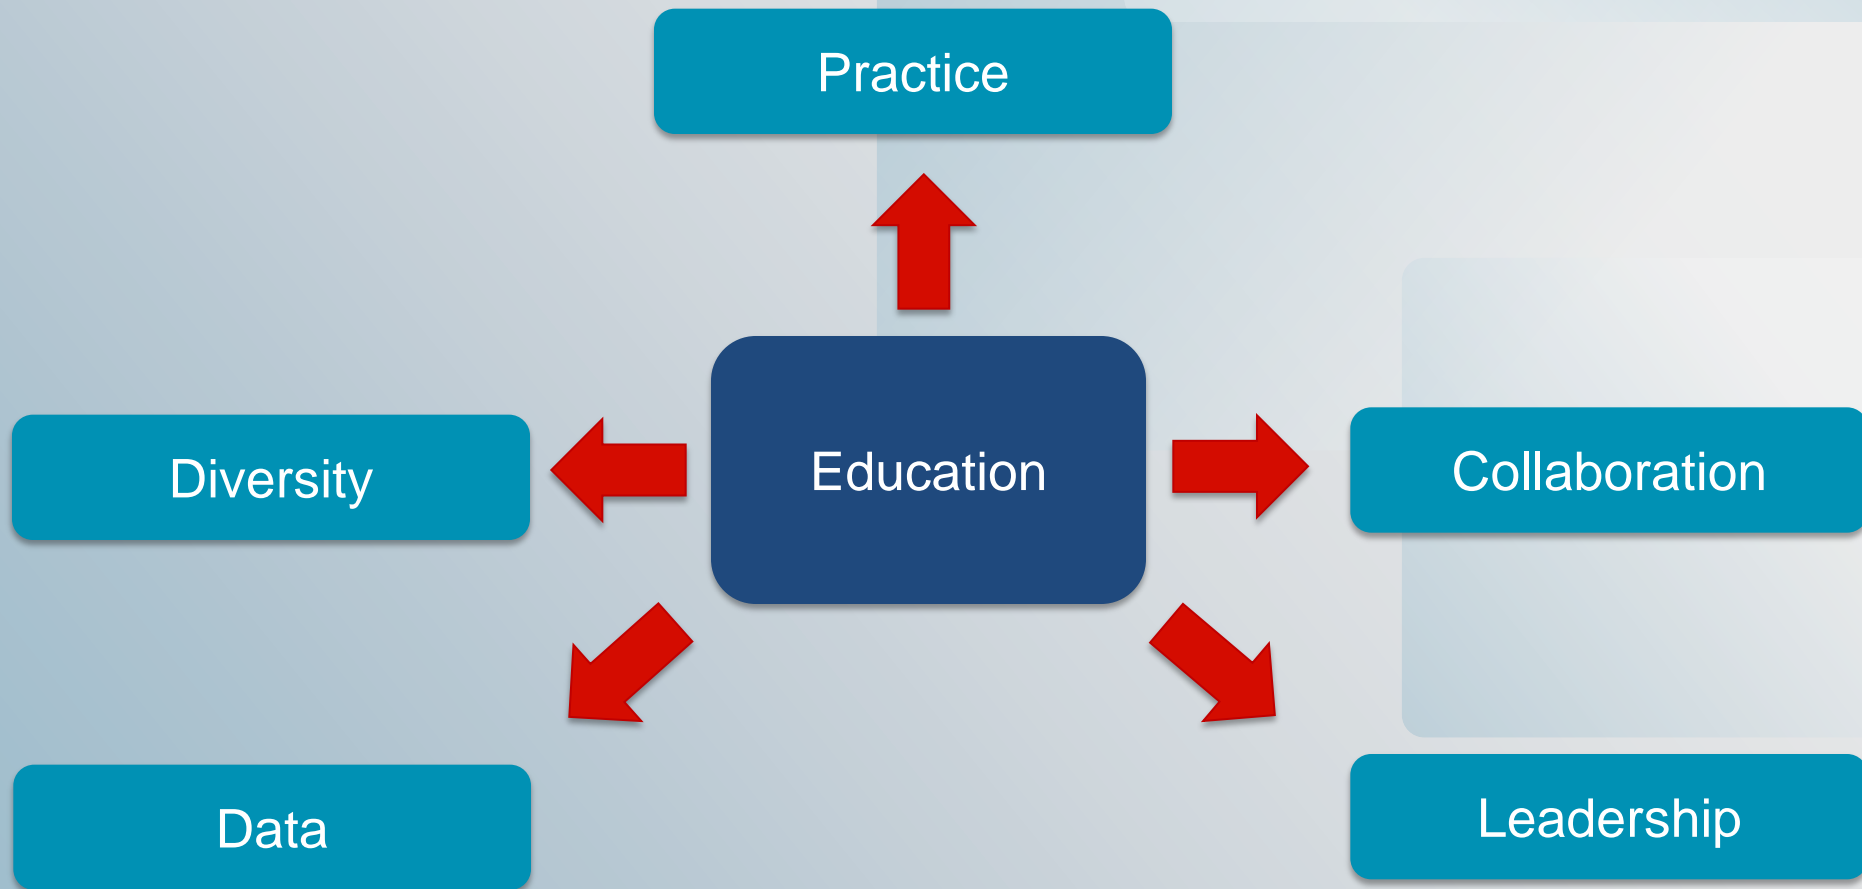

### *The Shared Curriculum Model (SCM)*

If you are considering a shared state or regional curriculum model, reviewing this presentation will assist you

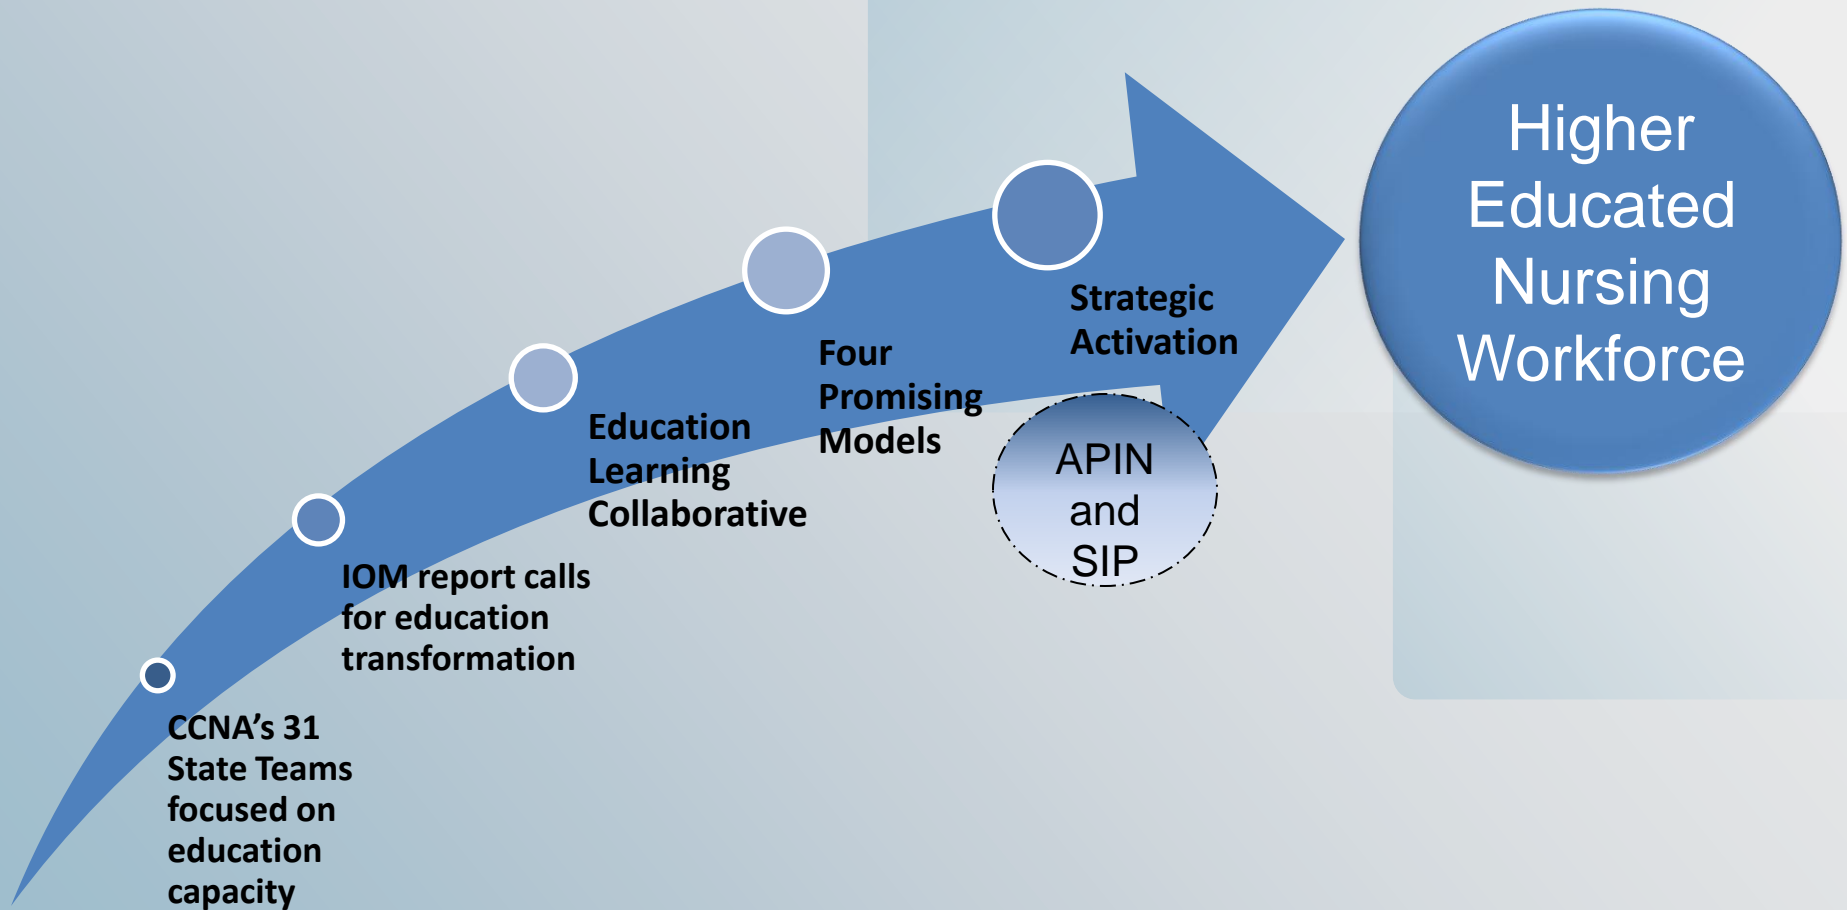

**Mary Sue Gorski, RN, PhD**  
Consultant, Center to Champion  
Nursing in America

# Need Education for Campaign to Succeed!

# Advancing Education Transformation at CCNA

# Learning Collaborative

Four models emerged as most successful....

- RN to BSN awarded by the community college
- Shared state or regional curriculum
- RN to MSN
- Competency-based state or regional programs

## The Shared Curriculum Model: **Leveraging the Best of Both Worlds**

Dr. Liz Close, Retired Chair of Nursing  
Professor and Director  
Post-Licensure BSN Program and  
Collaborative Nursing Education Continuum  
Model (CNECM)

Sonoma State University

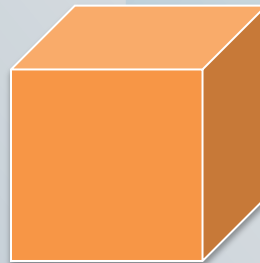

## SCM: What is it?

*The SCM requires a shared vision of the outcomes for each degree completion*

*that leverages both ADN and BSN curricula to achieve a unified approach with*

## SCM Hallmarks

- *No duplication of, or confusion about, the specific community college and university general education, nursing prerequisites, and nursing requirements for each degree*
- *No duplication or addition of required nursing prerequisites to the curriculum for ADN-BSN progression*
- *No [inadvertent] repetition of nursing content to meet licensure requirements in the curriculum for ADN-BSN progression*

## So, what's the problem?

Lack of consistency in  
nursing prerequisites  
and general education  
requirements

No uniformity in how, or  
if, the student of  
nursing is advised as a  
transfer

CC nursing graduate  
accumulates non-  
transferrable units

CC graduation  
requirements may not  
be transparent

## In Summary....

**How many more courses do I need  
to complete a BSN??!!**

# Getting to a Shared Vision

## Explore

1. What are the minimum prerequisite courses for nursing?
2. Can faculty agree upon a consistent set and unit range?
3. What are the GE requirements for the ADN and the BSN?
4. How do the GE requirements for the ADN relate to the BSN?
5. Is the curriculum required for licensure relatively the same at both the CC and the U?
6. What specifically are the “value added” curriculum components of the BSN?

# ARTICULATION FALLACY

# The Process Requires ALL to

And then.....

**CELEBRATE!**

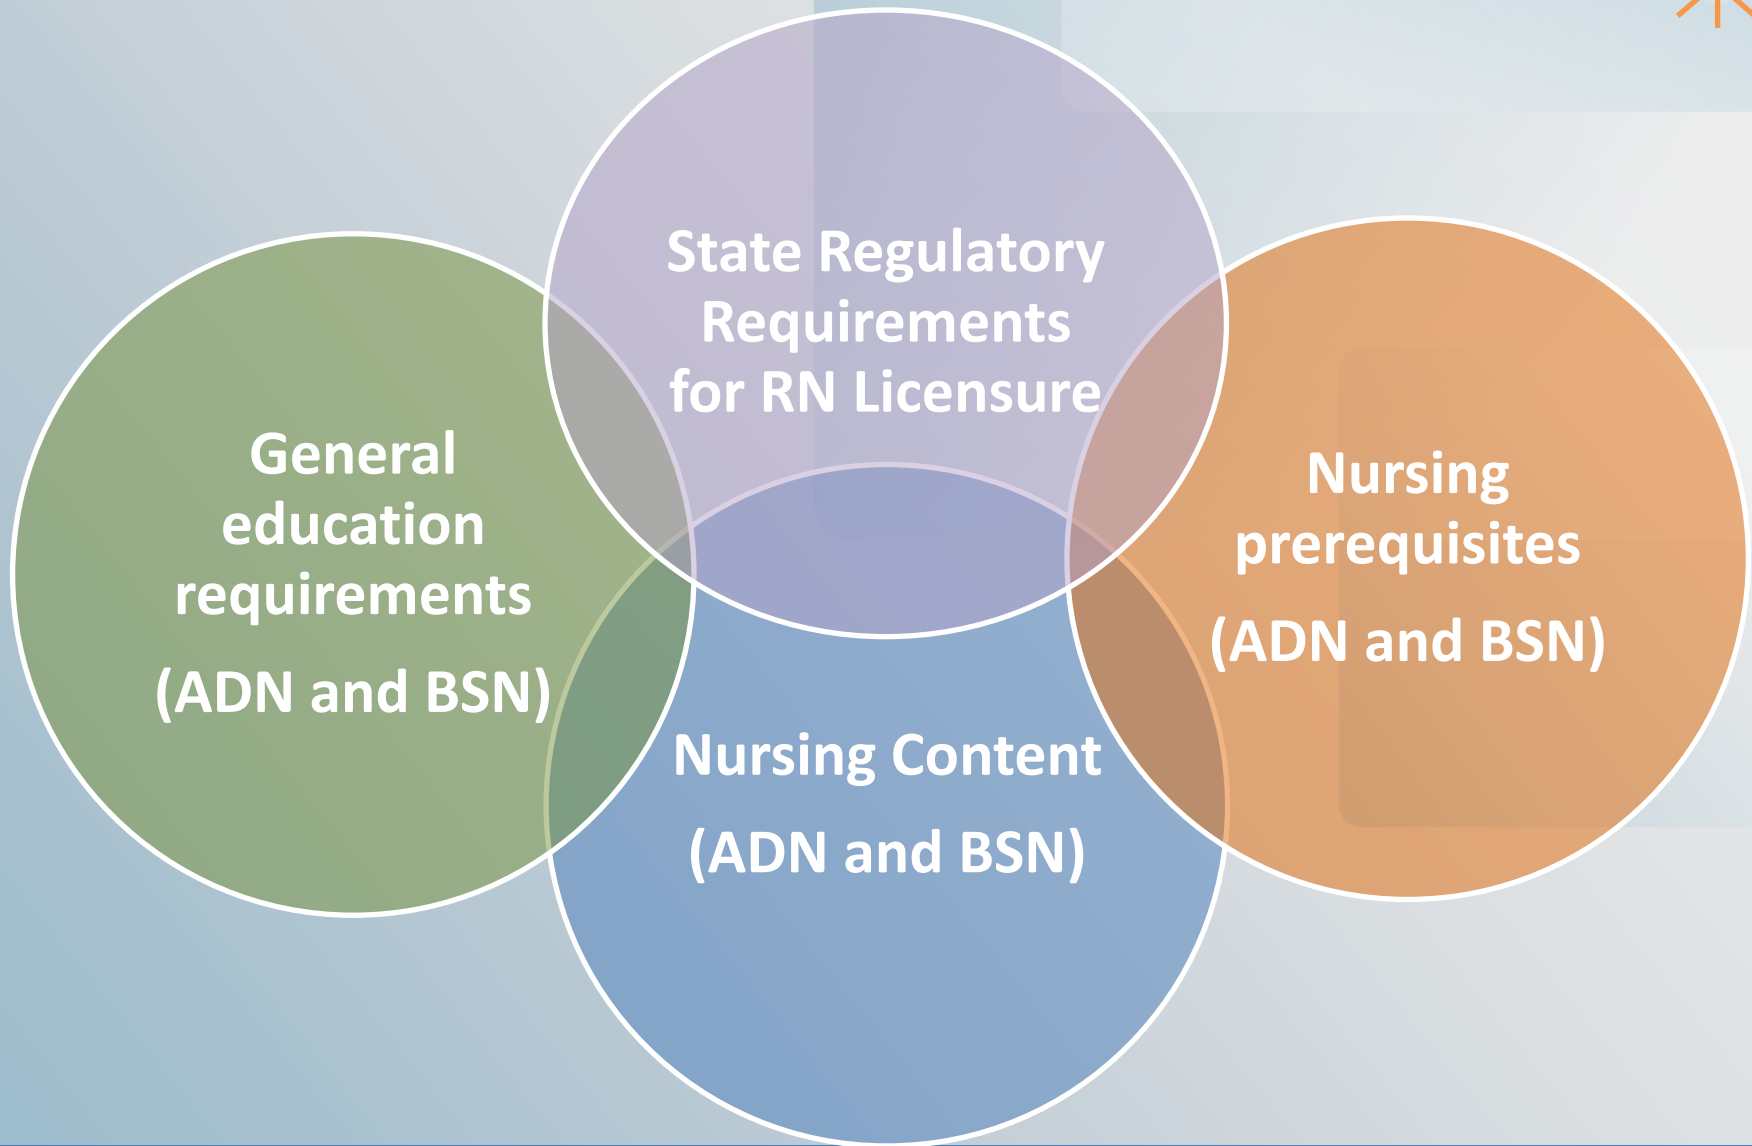

## 3 + 1 model for ADN-BSN Progression

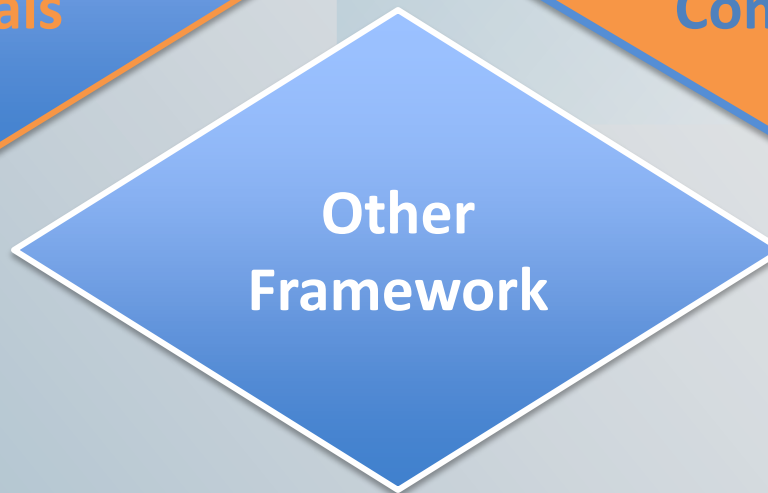

Community College	Year 1	LDGE and Nursing Prerequisites	Overlaps especially in sciences and behavioral sciences	30 units
	Year 2	Nursing	Curriculum required for licensure and LDGE	30 units
	Year 3	Nursing	Curriculum required for licensure and LDGE	30 units
University	Year 4	UDGE and Nursing	Unique BSN content (not curriculum for licensure) and UDGE	30 units
