

campaign progress

Welcome to the Future of Nursing: *Campaign for Action* Dashboard

About This Dashboard:

These graphs and charts show goals by which the *Campaign* evaluates its efforts to implement recommendations in the Institute of Medicine's (IOM) *The Future of Nursing: Leading Change, Advancing Health*.

Indicator 1: Education

IOM Recommendation:

Increase the proportion of nurses with a baccalaureate degree to 80 percent by 2020

Percentage of employed nurses with a baccalaureate (or higher) degree in nursing

Data Source: American Community Survey, *Public Use Microdata Sample* (series)

*No change between 2012 and 2014.

Indicator 2: Doctoral Degrees

IOM Recommendation:

Double the number
of nurses with a
doctorate by 2020

**THIS RECOMMENDATION
HAS BEEN ACHIEVED**

Number of employed nurses
with a doctoral degree

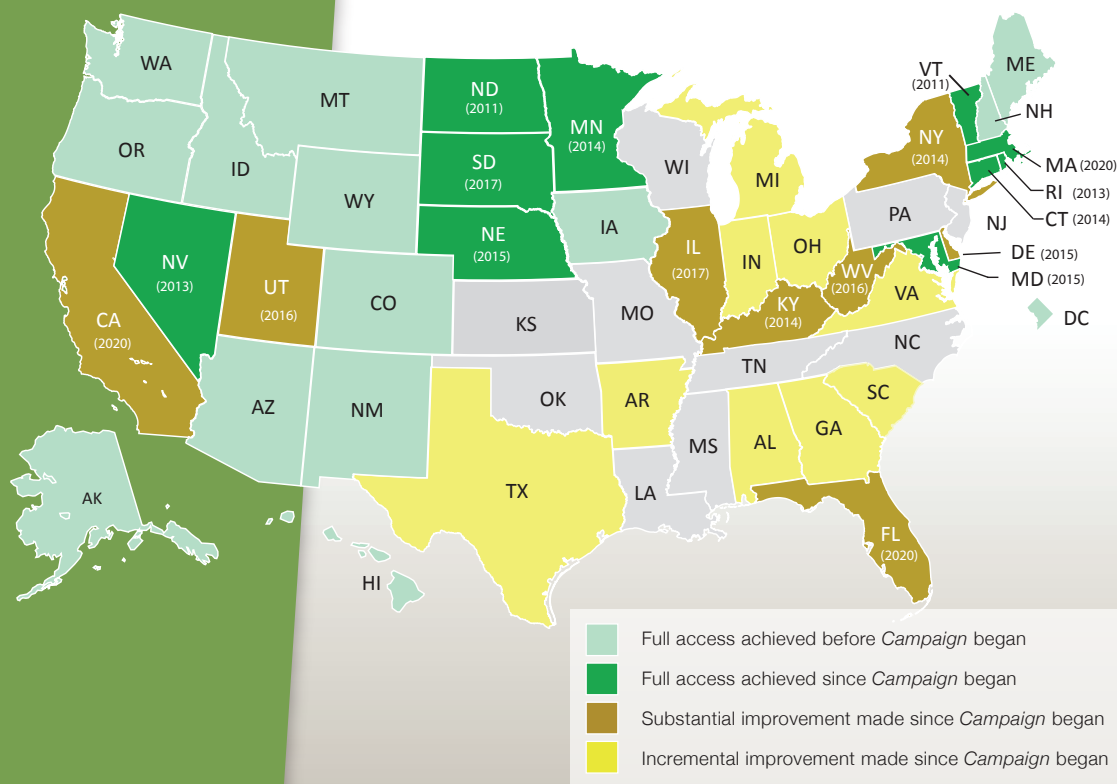

Data Source: American Community Survey, *Public Use Microdata Sample* (series)

Indicator 3: State Practice Environment

IOM Recommendation:

Advanced practice registered nurses should be able to practice to the full extent of their education and training

State progress in improving access to care provided by nurse practitioners

Data source: Center to Champion Nursing in America

*View definition criteria at <https://campaignforaction.org/resource/state-progress-removing-barriers-practice-care/>
Years denote when laws were passed.

Indicator 4: Interprofessional Collaboration

IOM Recommendation:

Expand opportunities for nurses to lead and disseminate collaborative improvement efforts

Number of required clinical courses and/or activities at top nursing schools that include both RN students and graduate students of other health professions

School	2011	2012	2013	2014	2015	2016	2017	2018	2019
Duke University	2	2	2	1	0	0	1	1	1
Yale University	0	0	1	1	1	1	1	2	1
UC, San Francisco	0	1	1	1	0	0	0	0	0
University of North Carolina	0	0	0	0	0	1	1	0	4
University of Washington	2	2	5	4	5	5	3	4	3
University of Pennsylvania	0	1	4	7	9	*	*	*	*
University of Michigan	0	0	0	0	2	2	0	0	*
University of Pittsburgh	1	1	3	4	4	4	4	4	*
Oregon Health & Science University	0	1	2	2	2	2	2	2	2
Johns Hopkins University	1	1	3	3	6	4	4	4	4

Data Source: Top nursing schools (as determined by *US News & World Report* rankings) that also have graduate-level health professions schools at their academic institutions. Course offerings and requirements include clinical and/or simulation experiences.

*Data was not provided.

Indicator 5: Leadership

IOM Recommendation:

Health care decision-makers should ensure leadership positions are available to and filled by nurses

THIS RECOMMENDATION HAS BEEN ACHIEVED

The number of nurses who report serving on boards to the Nurses on Boards Coalition

Our goal: to get 10,000 nurses on boards by 2020

OUR GOAL
10,000 nurses
on boards

As of 2/18/21
10,084 nurses
have reported
serving on
boards*

Data Source: Nurses on Boards Coalition, NursesonBoardsCoalition.org.

In 2014, the Campaign convened more than 20 national nursing organizations and others working to build a healthier America to form the Nurses on Boards Coalition (NOBC). The NOBC launched as an independent organization in August 2015 and is working toward the goal of seating 10,000 nurses on boards by 2020.

**The Nurses on Boards Coalition updates these numbers on a regular basis.*

Updated: February 18, 2021

Indicator 6: Workforce Data

IOM Recommendation:

Build infrastructure for collection and analysis of interprofessional health care workforce data

States that collect data on nurse education programs, supply of nurses, and demand for nurses

	Nurse Supply Data	Nurse Demand Data	Nurse Education Program Data		Nurse Supply Data	Nurse Demand Data	Nurse Education Program Data
Alabama	✓		✓	Montana	✓		✓
Alaska	✓		✓	Nebraska	✓		✓
Arizona	✓		✓	Nevada	✓	✓	✓
Arkansas	✓		✓	New Hampshire	✓		✓
California	✓	✓	✓	New Jersey	✓		✓
Colorado	✓		✓	New Mexico	✓	✓	✓
Connecticut	✓		✓	New York	✓	✓	✓
Delaware				North Carolina	✓		✓
Florida	✓	✓	✓	North Dakota	✓	✓	✓
Georgia	✓	✓	✓	Ohio	✓		✓

Mississippi	✓	✓	✓	Wisconsin	✓	✓	✓
Missouri	✓	✓	✓	Wyoming	✓		

Data Source: The National Forum of State Nursing Workforce Centers and Philip R. Lee Institute for Health Policy Studies.

Indicator 7: Diversity

IOM Recommendation:

Make diversity
in the nursing
workforce a priority

Pre-licensure registered nursing
program graduates by race/ethnicity
and by gender compared with the
U.S. population

In the U.S., the female/male population is **50.8% female** and **49.2% male**.
In 2019, pre-licensure RN program graduates were **85.4% female** and **13.9% male**.

The Campaign is working to promote diversity in the nursing workforce so that the profession reflects America's changing population.
