

The subscription period is October 1 – September 30, although orders are taken and processed throughout the year. Two reports are created each year. The first report, which is available in May, contains data collected between October 1 and March 31; the second report, which is available in November, contains data collected between April 1 and September 30.

NCLEX® Program Reports are provided for NCSBN by Mountain Measurement, Inc.

*Please note: Programs with fewer than 10 graduates testing in a six-month reporting period will receive a subset of the full report due to the unreliability of data collected from fewer than 10 graduates.*

# NCLEX® Program Reports

NCSBN

National Council of State Boards of Nursing

NCLEX® Program Reports are individually tailored and provide the only source of detailed information about your graduates’ performance on the NCLEX® examinations. Easy to read color charts and graphs help you find the most vital and pertinent information effortlessly.

Reports offer data useful to many departments. These reports are valuable to nursing departments, admissions, marketing and program development. By collecting and comparing the NCLEX® Program Reports, you’ll have the tools to spot trends, and identify strengths and weaknesses in the performance of your graduates.

Join hundreds of educators across the country who subscribe to NCLEX® Program Reports. Presented in a clear and concise manner, these reports provide important insight into aggregate student performance on the NCLEX-RN® and NCLEX-PN® nurse licensure examinations that can help you with curriculum planning and program evaluation.

NCLEX-RN® Program Reports: \$300 annual subscription  
NCLEX-PN® Program Reports: \$200 annual subscription

FEATURES:

- NCLEX® Program Reports are generated as electronic files, quickly and easily accessed and downloaded from a secure Web site.
- You receive detailed instructions on how to access, view and download your electronic NCLEX® Program Reports.
- Quick, easy distribution: Reports are in PDF format, so you have the ability to e-mail these reports to those who need it most—the faculty and staff that design curriculum and teach your students.
- Simple integration: You receive an electronic copy of your reports, so you have the ability to copy and paste relevant data, including tables and charts, into your own reports and presentations. This will be particularly beneficial if your program uses these reports to supplement the academic accreditation process.
- Clear presentation and enhanced readability.

SUBSCRIPTION YEAR	REPORTING CYCLE	TESTING DATA REPORTED	REPORT AVAILABLE
2008-2009	Spring 09	Oct. 08–Mar. 09	May 09
	Fall 09	Apr. 09–Sep. 09	Nov. 09

You’ll receive:

- An overview of your program based on NCLEX examination passing rates.
- Your graduates’ performance data in relationship to the NCLEX test plan categories and client needs.
- Information about your program’s rank nationally and within your state.
- Comparisons of your graduates’ current performance to that of the same time period in the previous year—and to the national average.
- The percentage of your graduates taking the minimum and maximum number of questions.
